Wizard of Ah's Report

PURPOSE: To bring to the attention of the speakers certain filler words or phrases they use as crutches

FUNCTION: As the Ah Counter, I serve as the "umpire of unnecessary utterances", listening for various "filler" words we often use in speech. When I hear them, I will ring the bell to draw it to the speaker's attention. I will not ring the bell during formal speeches, but will continue to tabulate them as they occur. I will give a detailed report when called upon.
